Dear Rebecca,

I am taking this opportunity to personally write to thank you for your magnificent support of the 2008 Australian Defence Charity Ball.

Your support in the form of once again supplying a great variety of memorabilia as auction prizes made the evening possible and helped us to raise over \$80,000 on the night, and importantly we once again achieved our mission "to provide a social connection between South East Queensland's Defence and corporate worlds and to raise awareness of worthy Queensland community organisations". A tremendous effort from all involved, for which Brisbane Legacy and Redkite also thank you.

Yours sincerely
